

Annual report 2021-2022

Luce Leboeuf, head of the operating room at the Suroît Hospital

Making sure that
everyone is proud to
contribute to well-being
of our community

OUR VISION

Located in Salaberry-de-Valleyfield, the Suroît Hospital Foundation raises funds through donations and bequests to **promote, improve and contribute to the health and well-being of the population** served by the Suroît Hospital, one of the installations of the Centre intégré de santé et de services sociaux de la Montérégie-Ouest (CISSSMO).

MISSION

Kevin David-Guertin, respiratory therapist at Suroît Hospital, with one of the 2 self-regulated oxygen devices now available at Suroît Hospital, thanks to the generosity of donors

MESSAGE FROM THE PRESIDENT AND FROM GENERAL MANAGEMENT

From birth to the end of life, we need quality health care provided by competent and available professionals who have our health at heart.

Through your donations and your great generosity, you allow the Suroît Hospital Foundation to be present at each of the key moments in life.

The year 2021-2022 will have marked, for our organization, a return to normal in our fundraising and solicitation activities. But the context in which we operate, as you certainly know, is not the same as before the pandemic.

With an unstable economy and rising inflation, we know giving is not always easy.

This year, we are proud of the acquisitions made, among others, in CLSCs, making it possible to concretely strengthen your access to health care. Our emergency department is also better equipped to manage major traumas and our operating theater can accommodate more patients thanks to a brand new fluoroscopy tower.

Omnipresent in our reality, the pressure put on the healthcare professionals will have pushed the Suroît Hospital Foundation to recognize their work in an important way.

Improving health care inevitably involves their essential work, so our duty is to support them as well.

Our Board of Directors will have made significant commitments worth \$736,453 for the coming year.

Your essential donations for the Suroît Hospital, for the CLSCs of Salaberry-de-Valleyfield and Beauharnois as well as the CHSLD Cécile-Godin, really make a difference.

That you choose to donate fills us with pride and gratitude.

In 2023, the Foundation celebrated its 35 year of existence. Three decades of changing the world for patients and members of the care personnel.

Since its creation, the Foundation has provided over \$17 million to purchase medical equipment and renovate departments, thereby maintaining excellence in the care and services offered by the Suroît Hospital.

Karl Savary

MATTER OF HEALTH

The Suroît Hospital serves a pool of more than 270,000 citizens from 3 RCMs: Beauharnois-Salaberry, Haut-Saint-Laurent and Vaudreuil-Soulanges.

877 births

34 564 emergency room visits

727 psychiatric admissions

1 942 surgical operations

113 medical specialists

596 nurses

80 general practitioners

373 beneficiary attendants

15 pharmacists

40 respiratory therapists

Dre. Catherine Tanguay-Renaud,
otolaryngologist at Suroît Hospital with the new
NIM nerve detector funded by the Suroît Hospital
Foundation

FUNDRAISING RESULTS

During this financial year, the Suroît Hospital Foundation remained dear in the eyes of its donors. They have shown unparalleled generosity towards the health of people here. Since 1988, more than \$17,000,000 has been invested to support the improvement of health care in our region.

\$ 997,831

revenue from operating activities

Sources of Philanthropic Revenue 2021-2022

Annual donations

\$320,113

Fundraising Events

\$249,630

Postal and telephone solicitations

\$237,999

Monthly donations and In Memoriam

\$37,079

With 7,959 donations received in 2021-2022 and 692 new donors, the Suroît Hospital Foundation is proud to be able to count on the significant commitment of community members. The Suroît Hospital Foundation is also continuing its commitment to dedicated donations and highlights the interest of its donors in key health sectors, including the autonomy of seniors, youth mental health and oncology.

These generous contributions allow the Suroît Hospital Foundation to pursue its mission and be a key player in innovation in these niches.

In recognition of the excellent care received at Suroît Hospital, the Charbonneau family made a donation in memory of their mother, Huguette, to the Suroît Hospital Foundation

« The strength of the Suroît Hospital Foundation is HUMAN.

It is our volunteers, our partners, our donors and health professionals who give us this impetus to always do better. »

Janik Lafleur, Julie Laframboise, Josée Bilodeau, Michèle Cyr-Lemieux, Dr. Nancy Rondeau, Janic Asselin and Stéphane Brais pose proudly with the award received at the NOVA Ceremony of the BVHSL Chamber of Commerce and Industry

This award was intended to recognize the excellence of the actions taken by the Suroît Hospital Foundation during the COVID-19 pandemic

EQUIPMENTS AND PROJECTS

Thanks to the generosity of its donors, the Suroît Hospital Foundation has invested **\$385,411** in 2021-2022 to support the health of the community.

Samuel Laplante, head of the renal failure department at Suroît Hospital with Ms. Déry, patient.

Ms. Déry benefits from effective monitoring of her health thanks to the 30-minutes monitoring device funded by the Suroît Hospital Foundation

Armchair-beds | SUROÎT HOSPITAL | \$3,007

To allow the presence of loved ones during end-of-life care, new chair-beds are now available in the 2B medicine unit of the Hôpital du Suroît.

Bariatric Scale | CLSC BEAUHARNOIS | \$1,806

In order to ensure health monitoring for people suffering from morbid obesity, a new bariatric scale is now available at the CLSC de Beauharnois, allowing patients to obtain safe and effective treatments close to their homes.

Gynecological lamps | CLSC VALLEYFIELD | \$5,896

In order to improve the care capacity in family medicine and youth clinics in the Suroît region, new gynecological lamps are now installed at the CLSC de Salaberry-de-Valleyfield.

Multifunction armchairs | CLSC VALLEYFIELD | \$5,826

In order to double the capacity for intravenous treatments at the CLSC de Salaberry-de-Valleyfield, the Suroît Hospital Foundation has acquired two multifunctional chairs used in particular for the administration of iron molecules and for venipuncture.

« Our treatment capacity is doubled thanks to these multifunction chairs. »

Cindy Patenaude, Suroit and Haut Saint-Laurent first-line health care supervisor

EMERGENCY ROOM

LUCAS SYSTEM | \$36,231

in order to compensate for the lack of personnel, the Suroît Hospital Foundation purchases, thanks to your donations, equipment which makes it possible to robotize certain maneuvers, such as the LUCAS system. Now, at Suroît Hospital, all cardiac resuscitation will be done with this automated, easy-to-use and reliable system.

CLARIUS wireless ultrasound device | \$15,584

A new ultra-portable ultrasound solution for busy healthcare workers combines the small footprint of the Tryten Nova Pro rolling stand, with the high-definition imaging of Clarius HD cordless scanners, the continuous battery power of the Clarius 2-in-1 charging and the clear display of an iPad Pro. This sleek combination delivers the image quality and performance of traditional high-end laptops in a highly mobile, affordable, and easy-to-sanitize wireless package.

Vital Signs Monitors | \$46,647

Health professionals work in a constantly changing environment where interventions must be rapid and precise. In this context, healthcare professionals cannot afford to slow down when it comes to collecting essential data. The 20 new next-generation vital signs monitors accessible, always connected and in operation at the bedside of users allow vital signs to be taken in a simple and efficient way.

CARDIOLOGY

Electrocardiogram | \$19,221

In order to provide health professionals working nights at the Suroît Hospital with the equipment to perform the necessary examinations, a new resting electrocardiogram (ECG) is now available to treat patients in all care units.

Now, at Suroît Hospital, all cardiac resuscitation will be done with LUCAS, an automated, easy-to-use and reliable system.

Michèle Cyr-Lemieux, Executive Director of the Suroit Hospital Foundation, inaugurates the new LUCAS system with emergency professionals

SUPPORT FOR FAMILIES AND CHILDREN

VIGILANCE project | ROBERT-CAUCHON DISTRICT | \$16,435

The VIGILANCE project aims to improve the living conditions of the most disadvantaged young people of school age in the region. Specifically targeting the Robert-Cauchon district of Salaberry-de-Valléefield, the VIGILANCE project aims to reduce the number of cases referred to the Youth Protection Department (DJP) for negligence. In the Robert-Cauchon district, this rate is 50/1,000 young people, while it is 8.5/1,000 in the rest of the territory of Montérégie-Ouest.

The VIGILANCE project is a concerted initiative of the CISSS de la Montérégie-Ouest and community players, including the ABC de la Famille and the Popote Roulante. This project aims to develop parenting skills in order to offer young people a favorable context to ensure the development of their full potential.

Thanks to the annual Tim Hortons Smile Cookie campaign, the Suroît Hospital Foundation sets aside \$45,000 annually to support more than 100 children and some 30 families. The support offered is diverse, including food aid, psychological aid and clothing.

Bilisoft | CENTRE MÈRE-ENFANT | \$4,000

The GE BiliSoft 2.0 Phototherapy System is a revolutionary system designed for the effective treatment of hyperbilirubinemia. With this equipment, parents and caregivers can feed, hold and even rock young patients throughout the therapy session.

Its large surface area, high spectral irradiance and long-lasting narrowband blue LED light are the characteristics necessary for intensive and effective phototherapy. It also supports and promotes developmental care, enables bonding between baby and parent, and provides healing light where needed.

The new Bilisoft of the Mother-Child Center was financed by Opération Enfant Soleil.

A photograph of a woman and a young boy. The woman, on the left, has long brown hair tied back and is wearing purple-framed glasses. She is smiling and giving a thumbs-up with her right hand. She is wearing a white sleeveless top. The young boy, on the right, is wearing a grey baseball cap with a logo and a blue t-shirt with the word "YUMAZ" printed on it. He is also smiling. They are both looking towards the camera. The background is a light pink color with a subtle circular pattern.

Chrystelle and her son Xavier are beneficiaries of
the VIGILANCE project

OPERATING THEATER

Portable fluoro tower | \$82,999

The smallest operating rooms at the Suroît Hospital now have their own portable endoscopy console. This equipment will support the more than 1,500 surgeries performed annually by endoscopy in Salaberry-de-Valleyfield.

This equipment was acquired thanks to the generous contribution of the municipalities of the region, including the city of Salaberry-de-Valleyfield, the city of Vaudreuil-Dorion as well as the municipalities of Saint-Louis-de-Gonzague, Saint-Télesphore , Les Cèdres, Saint-Zotique, Huntingdon and Rivière-Beaudette.

« Endoscopic surgeries are on the rise. With the help of the camera and the ultra-small and precise tools, surgeons' interventions are minimally invasive.

Patients have faster recovery and require fewer hospitalizations. »

Luce Leboeuf, head of the operating room at the Suroît Hospital

RESPIRATORY THERAPY

Automated Regulating Oxygen Devices | \$28,673

These devices make it possible to regulate the distribution of oxygen to a patient in a critical situation. According to established parameters, oxygen administration is optimal according to the patient's needs and facilitates weaning and therefore reduces the length of stay at Suroît Hospital.

Neonatal CPAP Respirator | \$3,137

Newborns in respiratory distress can be transferred to another hospital, a neonatal CPAP respirator is now available for the team of respiratory therapists at Suroît Hospital.

RENAL FAILURE

30 minute blood pressure monitor | \$1,689

In order to equip a second nephrologist in the renal failure department, a new 30-minute blood pressure monitoring device was acquired by the Suroît Hospital Foundation. This equipment makes it possible to ensure better patient care by the doctor in order to slow down the progression of renal failure, in particular through treatments related to hypertension.

The neonatal CPAP respirator saves the lives of newborns with respiratory distress at Suroît Hospital

SENIORS' AUTONOMY

Gardening containers | CHSLD CÉCILE-GODIN | \$999

Gardening is an activity allowing the resurgence of pleasant memories. The gardening activity also generates in the user with cognitive impairment the return of the reflex of the movements associated with the executive memory. This reflex then allows the performance of a motor activity that will promote, among other things, muscle strength and balance, reducing the risk of falls for ambulatory clients.

End-of-life care | CHSLD CÉCILE-GODIN | \$5,699

In order to support seniors and their families, 3 chair beds, 6 soothing blankets as well as relaxation carts including music, a diffuser and a soothing lamp are now available at the residential centre. Knowing that end-of-life care is exhausting for loved ones, it is all the more important to promote a peaceful environment conducive to relaxation and rest.

Patient-lift | UTRF LES COTONNIERS | \$2,301

Making it possible to increase the safety of users and staff, this new patient lift available at the transitional functional recovery unit (UTRF) reduces the risks associated with post-fall interventions. This acquisition is part of a perspective of optimizing the quality and safety of care.

Interactive table TOVERTAFEL | CHSLD CÉCILE-GODIN| \$20,656

The new TOVERTAFEL interactive table is innovative equipment that has a significant impact on the elderly with dementia, both cognitively and physically. The TOVERTAFEL is a box which can be fixed to the ceiling and which houses a high quality projector, infrared sensors, a loudspeaker and a processor working together to project the games onto the table. Because the colored objects respond to hand and arm movements, residents can play with the light itself. The TOVERTAFEL creates precious moments with family members and caregivers. These games are all based on fun and wonder.

A photograph of two elderly women with short blonde hair, wearing glasses, smiling and interacting with a large, illuminated light table. The table has a warm, glowing pattern of yellow and green dots. They are both wearing rings on their fingers. The background is a soft-focus pink and white.

Seniors at CHSLD Cécile-Godin will
be able to enjoy the new interactive
table TOVERTAFEL

In recognition of their dedication,
the Suroît Hospital Foundation
has made thousands of
small gestures to support
healthcare workers.

Employees of the Suroît Hospital happy to receive a free coffee
offered by the Suroît Hospital Foundation
in recognition of their dedicated work.

SUPPORT FOR HEALTH PROFESSIONALS

Far beyond the purchase of equipment, the vision of the Suroît Hospital Foundation is to ensure that everyone is proud to contribute to the well-being of our community. As an integral part of this community, health care workers were particularly called upon during the year 2021-2022. With innovative and diversified actions, the Suroît Hospital Foundation has supported these professionals with simple gestures, which have made all the difference.

Outdoor rest area | CHSLD CÉCILE-GODIN | \$7,128

To help CHSLD Cécile-Godin employees relax, an outdoor rest area has been set up. The impact of a break taken outside is significant for the body and mind and allows employees to continue their work in a motivated and safe manner.

Volunteering incentives | \$12,150

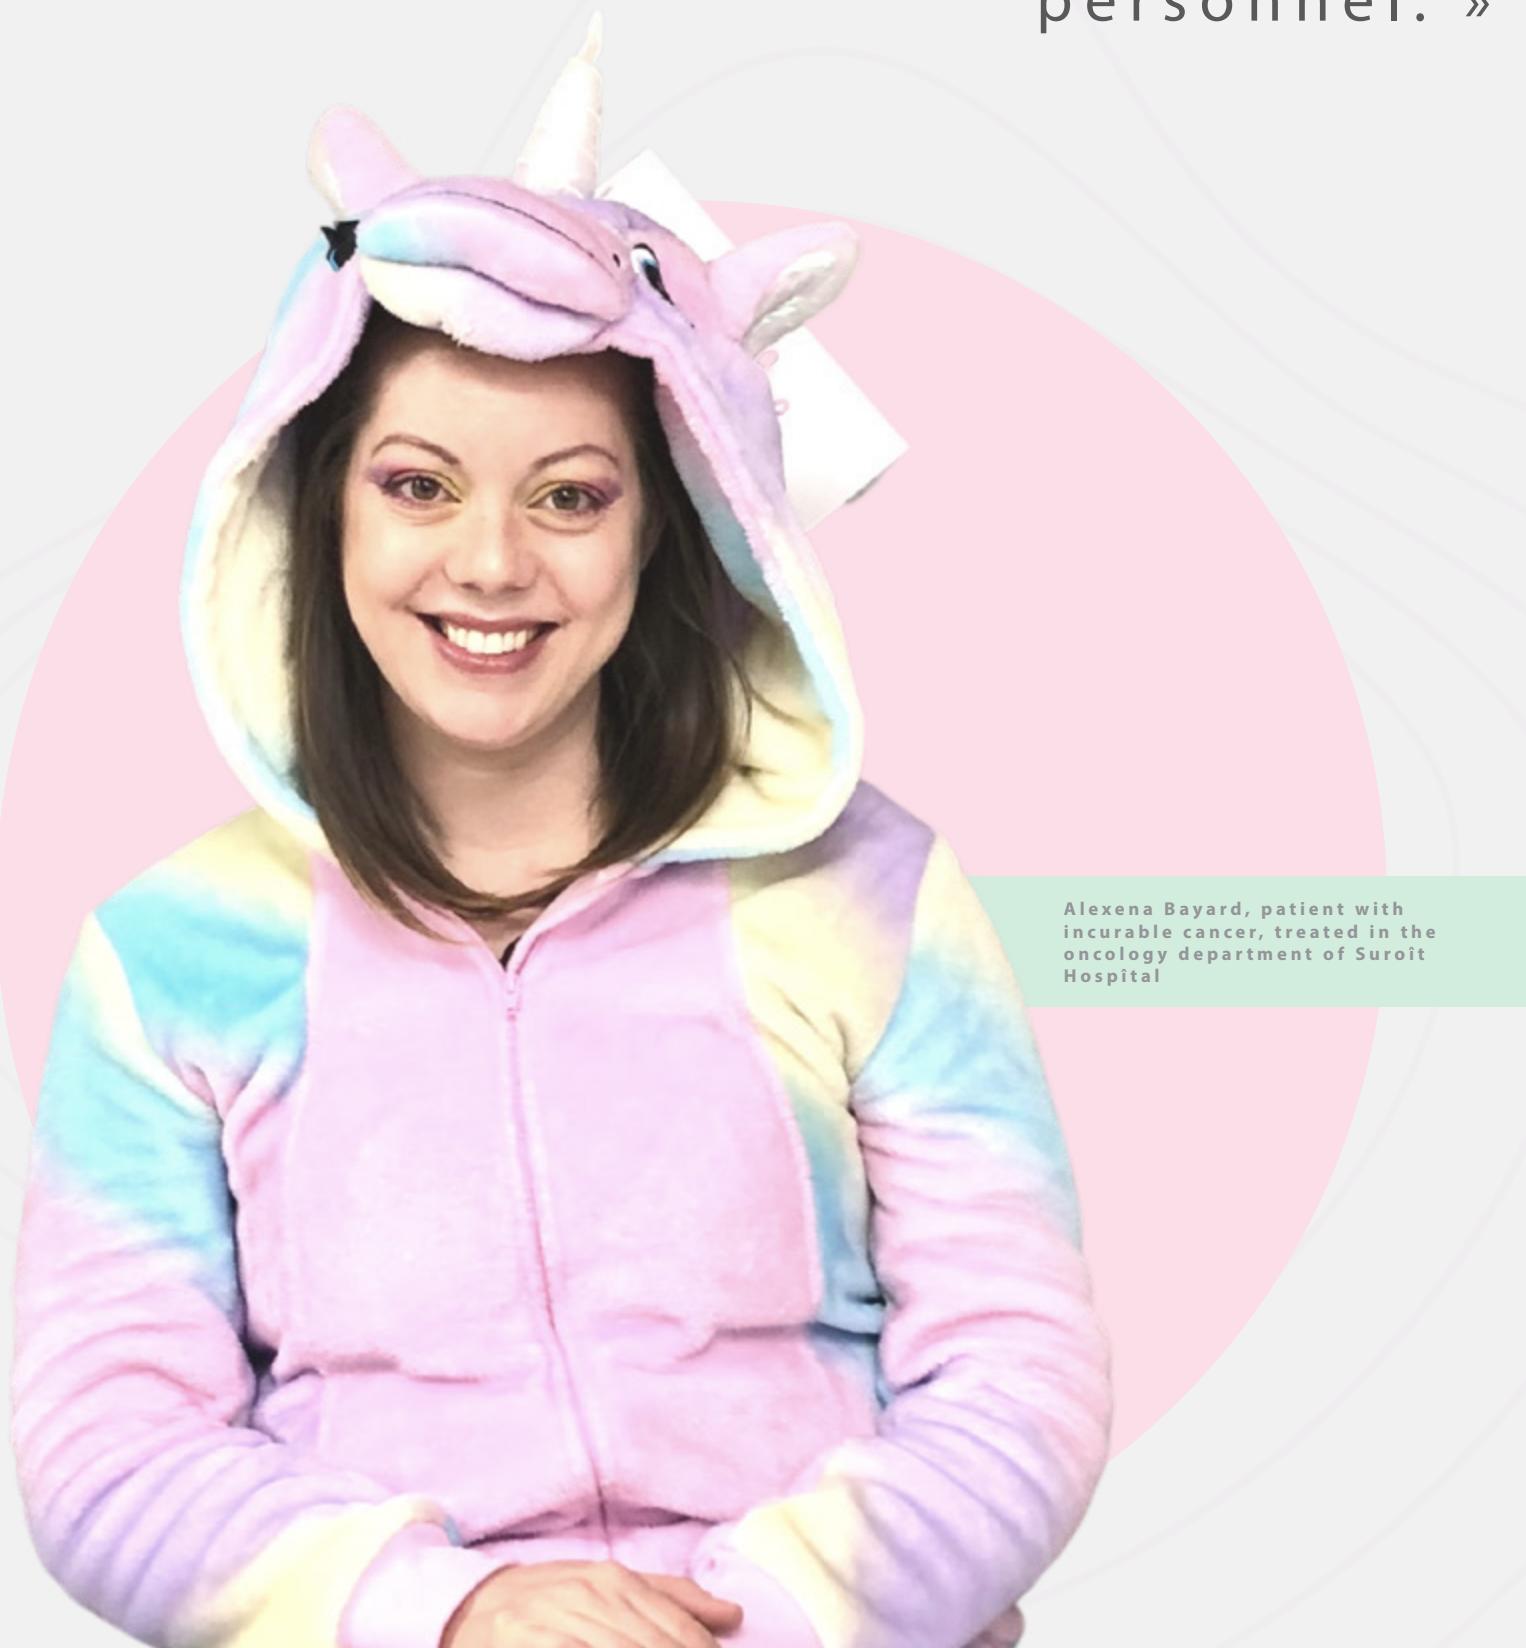

In order to help fill vacant shifts and avoid recourse to mandatory overtime, a call for volunteers has been launched by the CISSS de la Montérégie-Ouest. To encourage employees to work more shifts, incentives (such as gift cards for a stay at the Hotel Le Germain) were offered in partnership with the CISSS de la Montérégie-Ouest and the Anna-Laberge Foundation.

Free catering service | L'AFFAIRE EST KETCHUP

In order to support employees working in the COVID-19 unit at Suroît Hospital, a weekly draw for a catering service was carried out for 12 weeks. Each employee who worked a shift on the unit was eligible to win one of three prizes drawn each week. This project was made possible thanks to the generosity of the catering service L'Affaire est ketchup, located in Saint-Zotique.

« The Suroît Hospital is MY hospital!

I am happy to be able to be cared for near my home by highly competent personnel. »

Alexena Bayard, patient with incurable cancer, treated in the oncology department of Suroit Hospital

THANKS TO OUR VOLUNTEERS

The lifeblood of any non-profit organization, volunteers are the foundation of the fundraising activities of the Suroît Hospital Foundation. Without their support and dedication, no benefit event could fully exist.

1001 WAYS TO GIVE

In order to reach a large pool of donors, the Suroît Hospital Foundation deploys different strategies each year. Every donation counts and the generosity of donors is constantly growing. Thank you for giving according to your ability and for ensuring that the Suroît Hospital Foundation continues to be an essential player in improving health care and services in the Suroît region.

POSTAL AND TELEPHONE SOLICITATIONS

Making it possible to highlight the inspiring stories of donors and patients who are grateful for the care obtained in Montérégie-Ouest, mail and telephone solicitations are a great way to hear from your foundation. In addition to the traditional mail and telephone solicitations, there is also a mailing to all citizens who have received care at the Suroît Hospital for a total amount raised of \$237,999.

DONATION IN MEMORY

Making a donation in memory of a deceased person means remembering a loved one and expressing sympathy to their loved ones, while performing a precious gesture that allows the improvement of health care in the Suroît region. In 2021-2022, 218 donors made a donation in memory of a deceased person for a total amount raised of \$19,749.

MONTHLY DONATION

With a greater impact than a single donation, monthly donations make a real difference in the lives of people here. Done automatically, either by direct debit or credit card depending on the amount chosen, the monthly donation is an easy way to offer help on a regular basis. In 2021-2022, 108 donors chose monthly donations for a total amount raised of \$17,330.

“I give because I believe in it. »

Richmond Girouard, monthly donor to the Suroît Hospital Foundation

« Dre Christiane Simard was a great doctor and a friend.

In her memory, an endowment fund has been created, dedicated to general medicine.

I am happy to contribute, knowing that Christiane's legacy will have an impact for future generations. »

Dre. Nancy Rondeau, emergency physician at Suroît Hospital and administrator on the board of directors of the Suroît Hospital Foundation

ENDOWMENT FUNDS AND PLANNED GIVING

In order to bequeath to future generations or to honor a deceased person, some donors choose to create an endowment fund. With a minimum capital of \$5,000 for the opening of the fund, the money is placed ad vitam eternam. Annually, 80% of the interest generated is paid to the Foundation in order to have an immediate impact on the improvement of health care and 20% is returned to the fund in order to see it grow.

The Suroît Hospital Foundation manages 38 endowment funds and planned gifts for a total amount of \$1,265,416 and is the owner and beneficiary of donors life insurances whose capital values at death \$1,425,000.

« I have worked all my life at the Suroît Hospital. As a retiree, I am pleased to continue supporting my foundation. »

Berthe Avoine, retired from Suroît Hospital, has participated in all editions of the Loto-Voyage of the Suroît Hospital Foundation

TESTAMENTARY LEGACY

A gift by will to the Suroît Hospital Foundation is a great way to pass on your values to your loved ones and to the community. By planning a legacy, you leave a lasting and optimistic mark to support future generations. The Suroît Hospital Foundation is an organization that has been present in the community for many years and will always be present in the future.

Remember to include the Suroît Hospital Foundation in your will today. Since 1988, more than 27 bequests have been obtained from the Suroît Hospital Foundation for a total of \$1,392,406.

DONATIONS FROM ORGANIZATIONS

Due to the pandemic, some organizations have been forced to cease their activities. With sometimes a certain financial reserve available and in order to honor the wishes of their donors, the representatives of these organizations choose to bequeath the remaining assets to the Suroît Hospital Foundation.

In 2021-2022, the Diabète Suroît organization made this choice by bequeathing \$17,500 to the Suroît Hospital Foundation. The Board of Directors of the Suroît Hospital Foundation is committed to dedicating this generous donation to improving health care for people with diabetes in the region.

CORPORATE DONATIONS

Anxious to have a significant impact in the community and wishing to contribute concretely to the improvement of health care, corporate citizens immediately choose the Suroît Hospital Foundation to make their annual donation.

The Suroît Hospital Foundation offers diversified investment projects allowing companies to get involved in the philanthropic niche of their choice. So, whether through a monetary donation or a donation of goods and services, choosing the Suroît Hospital Foundation is a concrete way for companies to stand out in the community.

In 2021-2022, more than 525 companies have chosen to make a donation to the Suroît Hospital Foundation for a total amount raised of \$577,794.

« I believe it is important for companies to give back some of their know-how and their wealth to those who need it most. »

Pascal Lavigne, owner of the Multiplus printing press and partner of the Suroit Hospital Foundation

DONORS 2021-2022

The citizens of the region are particularly generous towards the Suroît Hospital Foundation. Whether in pure donations, in support during fundraising events or in visibility, companies demonstrate, once again, their significant involvement in the community. Here are listed the donors who contributed with an involvement of \$500 or more between July 1, 2021 and June 30, 2022.

« Our motivation is to have a concrete impact in the lives of young people and their families. »

Michel and Dominic Choinière, owners of the Canadian Tire store in Salaberry-de-Valléefield, together with the Fondation Bon Départ de Canadian Tire du Québec, have decided to make a generous donation of \$10,000 to support the purchase of equipment for the regional center for young adults with multiple disabilities
